

Coordinated Eviction Prevention System (CEPS) Program

The services offered range from case management to wrap around supportive services.

City Heights CDC has launched the CEPS program to support eligible low-income households in the County of San Diego with the goal of preventing renters from receiving an eviction notice.

*This is not a rental assistance program

Those eligible to apply must:

- Reside in San Diego County
- Currently not have any form of eviction notice
- Must qualify as a low-income household according to the income limits below
